Sale of City Bonds.

Treasurer Duke was engaged yesterday in sending out statements to leading banks and bankers concerning the \$300,000 of Salt Lake city bonds, which will be sold next mouth. Bids will be received from May 22 to June 22, and will be opened at noon on June 22. These are the bonds that have been set apart for the construction of the gravity sewer.

simply because they are Democrats, has raised quite a rumpus among the Liberal members, some of whom insist that as Location of the Boxes and the Signals the men were selected and recommended by the board of public works solely because of their qualifications and fitness for the positions, they should not be furned down. Councilman Bell is one who takes that position, but as he leaves for the north on business today, he will not have the privilege of voting on the question tomorrow night. Other Liberal councilmen insist, however, that the beard should be turned down.

A member of the board of public works yesterday stated that the politics of the appointess was not taken into consideration when the appointments were made. The sole aim and desire was to secure competent men, but he presumed that, all other things being equal, laberals would be given the preference. to men were selected and recommended

The joint city and county building committee will meet to-morrow afternoon, when it is expected that Mayor Baskin when it is expected that Mayor Baskin and Judge Loofbourow will make a report upon the claim of Monheim, Bird & Proudfoot, the architects, for between \$2,000 and \$4,000 for preparing special plans for fire-proof construction. As the work was ordered done by the committee and the charge made is the usual one, it is difficult to see how the city and county can avoid paying the bill.

The Paving Operations. Chairman Haines, of the board of pubsatisfied with the progress that is being satisfied with the progress that is being made with the street paving. He ascribes the trouble mainly to a lack of material on the ground and to inefficiency in the organization of the working fooce. It is doubtful whether the Calmer-Jeanings company will be able to complete their eight blocks of paving before Sept. Ist, although their contract express on June. 30th. The Pacifice Paving company, on West Temple street, are making better progress, and as their contract rans until September 1st, it is thought they will be able to complete it without difficulty.

Omaha's Health Commissioner Here. Dr. Summers, Omaha's health com missioner, is in town and was engaged vesterday with Inspectors Showell and Kendall, who explained to him the sani-tary regulations of the city.

It answers its whole purpose in being funny, and in keeping people in a continual titter of merriment. The star performer is Al Wilson, who is the best German commedian now on the stage, and who atones for a lot of rot in the play by his fine vocalism, especially the Tyrolean warbles, and south Prussian accent. Hallen's graceful dancing and Hart's buriesque business are enjoyable. Mowade is an excellent baritone vocalist, which is the redeeming feature of the part of Moriton Hawes. Mollie Fuller's skirt dance is attractive, and her acting breezy and amusing. Fannie Bloodgood is a graceful dancer and a fairly good singer. Alice Carle, Carrie De Mar and Florence Holbrook do their parts quite satisfactorily. The Keno act is a rather dull one, though the transformation seens introducing it is elever. The Nichols sisters in their coon dancing act execute something unique and deculedly diverting. The crinoline dance also produced proparious cheers.

Of rheumstism, and further attacks may be escaped, if proper precautions against exposure are taken, and there be no hereditary predisposition. Unfortunately people who ultimately become chronic sufferers, too often neglect the triffing twinges and premonitory stiffness which herald the advent of this agonizing maisady. Among the diseases for which Hostetter's Stomach Bitters has been found efficatious this is one, and the medicine being perfectly safe, it is certainly to be preferred to drugs used for its cure, which are frequently useless, and nothing more or less than poisonous. The substitution of this pleasant and pure blood depurent for medicines in limical to life in a slight overdose, is a measure which may fully be urged upon persons who desire to obtain relief safely, or who have failed to obtain it from the numerous pseudo remedies for this disease in the market.
